Re: NAE-2008-03017, Maine Power Reliability Program

Dear Mr. Clement,

Please find attached additional comments by GridSolar requesting that the US Army Corps of Engineers deny Central Maine Power's application for a Section 404 permit for the Maine Power Reliability Program, file number NAE-2008-03017. For your convenience, copies of these comments and all Appendixes and Exhibits are being provided in both paper and electronic format.

Thank you very much for your consideration of our request and acceptance of the information we are providing. If there is any further information you require, please let us know.

Sincerely,

Steve Hinchman, Esq.  
Attorney for GridSolar, LLC
